DIDSBURY, ALBERTA, THURSDAY, APRIL 25, 1929

\$2.00 per Year. 5 cents a copy

FREE COURSES FOR FARMERS AT UNIVERSITY

The eleventh annual University Week to be held at the University of Alberta, Edmonton, will be from June 5 to 11. These farm and domestic courses are given free in response to a general request from organizations interested in country life in Alberta.

Anyone between the ages of 16 to 125 can attend. Students will live in the residence buildings of the University.

It is expected that a number of young Didsbury and district farmers and farmerettes will avail themselves of this opportunity to attend these lectures and demonstrations.

The registration fee is one dollar and the local U.F.A. is offering to pay the registration fee of any two who intend to go to Edmonton. Further particulars can be obtained from J. D. Thomas, Sec.-Treas. of the Didsbury local U.F.A. No. 12.

Lacombe Boy Wins Fine Trophy

Edward Chessor, 12 years old, of Lacombe was awarded the Prince of Wales silver challenge shield and the first cash prize of \$100 in the beef section of the Boys and Girls' calf feeding competition at the Edmonton Spring Show during the past week. The calf which headed the 53 entries in the competition was from the Shorthorn herd on the Lacombe farm of Dr. P. R. Talbot, Provincial Veterinarian. A record for an Edmonton show ring was established when this fine animal sold at auction on Friday afternoon for \$2.00 per pound, being purchased by the T. Eaton Co. Ltd., Edmonton and weighing 790 pounds.

The Ladies' Aid of Knox United Church are serving a business-men's supper in the basement of the church on Saturday, April 27th, from 5 to 7 p.m. Adults 50 cents, Children 25c. Everybody welcome.

Calgary Boxers To Fight Here

Great interest prevails in Calgary and in the towns enroute north, according to Tommy White, fistie promoter, who is staging a big fistie event here Thursday evening, May 2.

Phil Befus of Calgary will meet Slim Bardon of Stettler in the main 10-round bout. Befus knocked out Whitesides (Penhold) in four rounds and Dean Pearce (U.S.) in five rounds some time ago. Bardon is an ex-Oxford University graduate.

Another special six round bout will between Bobby Canuck of Calgary and Fred Befus of Didsbury. Several other local boys will also contend for honors in the ring, and the whole should give patrons a good card, the best north of Calgary for considerable time to come. The ring will be erected in the centre of the Opera House floor.

The annual meeting of the Rosebud Baseball league was held in Innisfail Tuesday evening, six towns being represented, Red Deer, Innisfail, Olds, Didsbury, Carstairs and Crossfield. Red Deer and Crossfield were admitted to the league which will make a six team league to last year's four which should create more interest in baseball this year.

The following officers were elected: Pres., L. W. Askin, Olds; Vice-Pres., C. E. Reiber, Didsbury; Sec.-Treas., Art Harvey, Olds.

Mr. and Mrs. E. Mack and Mr. and Mrs. R. Jewel of Nanton and Mr. and Mrs. Ezra Berscht and Mr. E. V. Robinson of Calgary were Sunday visitors at the home of Mr. and Mrs. Chris Mack.

A meeting of baseball enthusiasts will be held in the C.P.R. waiting room tonight at 8 p.m.

For dependable Eyesight Service consult Anderson & McLean, Optometrists and Sight Specialists of Calgary. Visiting Didsbury every Wednesday at the Drug Store. Personal visits assure you of satisfaction.

Didsbury Fish And Game 'Ass'n Plans For Active Year

A goodly number attended the initial 1929 meeting of the Didsbury branch of the Fish and Game Association held Thursday evening last in the C.P.R. depot waiting room. Officers for the ensuing year were elected and many important business matters were discussed. The following were the officers elected:

Hon. Pres., A. B. Claypool.
Pres., J. A. McGhee.
1st Vice-Pres., W. H. Davies.
2nd " " W. D. Archer.
Sec.-Treas., H. C. Liesmer.
Three executive committees were

Prizes Offered For Best Alberta Wheat Crop

Substantial prizes will be awarded in a competition sponsored by the Staveland Board of Trade and the Vulcan and Nanton Agricultural Societies for the best ten acres of wheat in Southern Alberta during the coming season. The decision to organize the competition followed a speaking tour by Major H. G. L. Strange and D. H. Galbraith, M.L.A., under the auspices of the Canadian Seed Growers' Association and the committee in charge of the recent "Better Seed Campaign" promoted under the direction of the Provincial Department of Agriculture.

The Significance of Arbor Day

'Arbor Day' was born in the prairie part of eastern Nebraska. Our great empty plains have an excellent opportunity to profit from using the day for which it is annually proclaimed a Provincial Holiday. This year that day falls on May 6th.

In reality it is not a holiday, but a day set aside for specialized labor on the part of every citizen — the planting and care of trees.

Experience at the Dominion Experimental Station, Morden, Manitoba, shows that each season some improvements may be introduced in Arbor Day activities. In digging trees, three persons with sharp spades or shovels may work together to advantage. After cutting the roots at a foot or more radius from the trees and removing a trench of soil, then the three spades driven deeply down and inwards, the young tree or shrub may usually be neatly and efficiently lifted by working in unison in three prying with but small ripping of roots and bark.

Trees set in the open places, where the air movements have free play, tend to be blown toward the East by the prevailing winds. "As the twig is bent the tree is inclined," and good practice is to set the specimen pointing from ten to twenty degrees into the west, or if it be an apple tree or Mountain Ash, it may be slanted southwest

so that protection from sunscald of the trunk be increased.

Transplanted evergreens may well be given temporary shelter by shading with an old sack or piece of burlap, supported by stakes on the southwest side of the specimen for three or four weeks.

Evergreens are expensive, and carry their foliage during this major operation which, in their instance, is performed without the advantage of nature's winter sleep of full dormancy, and this extra consideration of temporary shade is a wise and profitable expenditure of labor. Each season many costly specimens are needlessly lost because no shade is given during the interim before their roots begin to function freely and establish the plant in its new home.

All trees should be planted before new leaf growth commences. If one transplants a larch tree when green leaves are showing, the only result will be disappointment and personal exercise. This latter comes in two phases—the planting and removing the corpse.

New side growth is induced by pruning. It is provident to clip back with clean smooth cuts all long roots. Strongest roots should be placed into the west, the direction of prevailing winds, where they will serve as anchors.

TWO HANDSOME DONATIONS TO LOCAL HOSPITAL

At the close of the church services Sunday evening, a special service of worship was held in the opera house. Beginning with a favorite hymn, in which all joined heartily, Rev. Hayes led in prayer and gave a sermonette. This was followed by further singing. Mr. Strang, formerly of the Chautauqua favored with "The Holy City" accompanied by Miss McGahey. Then followed the showing of the film "King of Kings." During the filming Miss Dorothy Ranton was at the piano. Mrs. J. Boorman accompanied during the singing of the hymns. The total collection which amounted to \$110.14 has been turned over to the Didsbury General Hospital. Mr. Sharp defrayed all the expenses of the evening.

Another donation was received by A. Brusso, Secretary of the Didsbury General Hospital Board of \$18.60 in aid of the hospital equipment fund, from a number of Westcott people who staged an amateur play at Cremona recently.

The Didsbury W.I. will hold a tea and sale of Home Cocking on Saturday, May 4th, in the Opera House.

Messrs. A. McNaughton and H. Hawkes wish to announce that their names have been used without their permission on the posters announcing the boxing contest on May 2.

Mrs. James Burns left last week for Toronto, Ottawa and other eastern points where she will visit during the summer.

Adshad Garage unloaded another carload of Chevrolets on Saturday.

Mr. and Mrs. McCann, formerly of near Didsbury, are now residents of Olds, occupying a house near the O. S. A. Mr. McCann is an oil-driller, and will be seen at work resuming drilling operations at the local oil-fields, located east of the Olds cemetery. This is good news, and it is not too much to expect, that in the not far distant future Olds will have an opportunity to be supplied with gas for home conveniences. — Olds Gazette.

A man isn't licked until he begins to complain about the rules.

hope he will soon be around again his old genial self.

Mr. and Mrs. John Sick spent Sunday with Mr. and Mrs. Joe Clark.

Mr. and Mrs. Joe Tabert spent Sunday with Mr. and Mrs. Wm. McCulloch.

Burnside Notes

The Junior U.F.A. will meet in Lone Pine Hall on Wednesday, May 1st to make arrangements for the dance they intend holding on May 10th.

Miss Margaret Hembling of Oyma, B.C., is visiting her cousin Miss Helen Pross and other friends and relatives in Didsbury and vicinity.

The Jutland W.C.T.U. will meet at the home of Mrs. Henry Hooper on Wednesday, May 1st. All the ladies of the district are cordially invited to attend.

The W.I. Hard Times dance on April 12th was a great success both financially and socially. Mr. Roland Hawkes of Didsbury and Miss Helen Pross carried off the two 1st prizes.

The ladies of the W.I. have had the interior of the Hall finished with the necessary burlap and finishing lumber and are to be congratulated on the appearance it presents.

The last meeting of the W.I. was held in the Hall on April 11 when Miss Helen Pross gave a paper on gardening. A delicious lunch of sardines, cookies, cream puffs, cake and ice cream finished the proceedings. The next meeting will be held on Thursday, May 9th at the home of Mrs. P. Schumaker and Mrs. E. R. Dawson will take the topic "Immigration."

The W.I. is holding a First Aid and Nursing course in the Hall on May 18, 20 and 21 to which everyone is invited.

BORN—To Mr. and Mrs. John Miller, a son, on Friday, April 19, 1929, at the Trochu Hospital.

Only choice leaves grown at high altitudes go into the blending of Blue Ribbon Tea. That is why its flavour is so uniformly excellent. Insist upon getting it from your grocer—refuse substitutes of inferior quality.

Canada's Opportunity and Responsibility

It has been said times without number that Canada occupies a paramount and responsible position as interpreter of Great Britain to the United States, and of the United States to Great Britain. Such views have been expressed, not so frequently by Canadians themselves as by leading men in Great Britain and the United States.

Within the past few years the opinion has been expressed by leading citizens of the Empire and of China, Japan, and other oriental lands, that Canada, because of its geographical position and its rapidly expanding trade across the Pacific, likewise occupies a strong position as interpreter of the Orient to the rest of the Empire. Canada is popular in China and Japan as compared with the United States and European countries.

In the councils of the League of Nations this Dominion also stands high, and deservedly so. It is recognized by other countries, and more particularly the smaller nations, that Canada has no selfish purpose to serve through its membership in the League; that, on the contrary, the Canadian attitude is one of disinterestedness, based wholly in a desire to render service to mankind. The Canadian position in the League has always been for peace, conciliation, recognition of the rights of others, and, especially, not merely fair treatment but open generosity and sympathy for minorities.

Because of this unselfish attitude, Canadians are welcome in all lands, and the high opinion entertained for this country is proving a real asset to the business and commercial interests of the Dominion in the opening and development of foreign markets for Canadian products.

Now, one of the most influential men in India, Sir Rabindranath Tagore, the world renowned poet, outlines to Canada a duty which rests upon this young Dominion, not only to itself, or to a group of nations, but to wide world. Sir Rabindranath was a distinguished guest and speaker at the recent Conference of the National Council of Education held at Vancouver, and in his farewell message to Canada he gave expression to views which Canadians everywhere may well read, ponder over, and to which they should give heed.

"Canada," he said, "is too young to fall a victim to the malady of disillusionment and scepticism, and she must believe in the great ideals in the face of contradiction—for she has the great gift of youth; she has the direct consciousness of the stir of growth within her which should make her trust herself, which is the only sure way of trusting the world."

How true this last sentence! A man or a nation which does not trust himself or itself, but lives in an atmosphere of fear and suspicion, can never trust others.

Continuing, this great Indian savant said: "Let Canada feel the sacred dawn of her life, that the expectation of human destiny is upon her as upon other sister countries which have just entered into the cycle of their promise. Canada will have to solve for the salvation of man the most difficult of all problems, the race problem, which has become insistent with the close contact of communities that had their isolation for centuries in their geographical and cultural exclusiveness. Canada will have to reconcile the efficiency of the machine with the creative genius of man which must build its paradise of self-expression, reconcile science with religion, individual right with the social obligation that it must acknowledge. She must dream of the introduction of honesty even in politics, which is the self-interest of the nation, knowing that such interest can only have its sure foundation in international friendships. She must ever hope to be able to win the heart of the world by offering the best that she produces."

Although his actual knowledge of this country was limited, Sir Rabindranath said Canada possessed powers of character and material resources that would enable her to carve out a destiny free from "the fatigue that old civilizations suffer from in the shape of cynicism."

This is an inspiring vision of Canada's place in the world. It is one that calls for the best that every citizen, regardless of his race or creed, can contribute. And it is because the Canadian people of tomorrow will be a development of the cosmopolitan population of today that the Canada of the future will find within itself the ability, the sympathy, the international viewpoint, which will make possible such a great contribution to the future of mankind and the ultimate and lasting peace of the world, for, until the race problem is solved there can be no peace in any country, or in the world at large.

Guard Against FLU — Sore Throat The First Warning.

Few families will escape. This epidemic constitutes a real danger. Health authorities everywhere warn the public of the danger of the common cold. "Flu" usually starts with Sore Throat. Unless the germs are killed by some antiseptic treatment a serious malady may develop.

A simple treatment is to gargle the throat three times daily with Nerviline. The antiseptic properties of Nerviline quickly destroy the germs in the throat. Of course if the chest is sore Nerviline should be rubbed over the affected area—lots of rubbing—it can't burn a blister, but will bring out the congestion and break up the cold.

To prevent "Flu" or colds from gaining headway Nerviline will prove most effective. It is hardly necessary to point out that the bowels should be stimulated, and the system purged of all waste materials. For this purpose Dr. Hamilton's Pills are recommended. They act without griping or discomfort of any kind. This combination treatment of Nerviline and Dr. Hamilton's Pills will prove a very satisfactory prevention for Grippe, Flu, etc.

Ontario Man Inherits Title

Will Go To France To Take Possession Of Property

Count Richard du Manoir de Jauaye has lived for 25 years in one-half of a frame house in the village of Westmeath, near Pembroke, Ontario. All that time he has known he was next in line to the family estates and titles, together with the fine old Norman chateau. The property which has now fallen to the Count on his succession to the family title is situated near Bayeux and it is his intention to leave Westmeath for France and his ancestral home together with the Countess and their son and heir.

The Count, who acted as house painter and general handy man in the unpretentious village of Westmeath, was known as Richard Du Manoir. This is the second European title to be inherited by a Canadian within the past few weeks, the other case being that of the Earl of Egmont former rancher of Priddis, Alta.

Toes Made Comfortable Sore Corns Removed

Quick, safe relief is almost instantaneous if you apply PUTNAM'S CORN EXTRACTOR. Shoes won't pinch or hurt. One single drop of Putnam's stops the pain. A few applications make the corn dry up and drop off. Putnam's Corn Extractor gives satisfaction. Thousands use it every day. Get a bottle from your druggist. Refuse a substitute for "Putnam's" the one sure relief for sore corns.

Germany's Unusual Club

There are numerous "crime clubs" in Germany in which for a small initiation fee and monthly dues are provided tools and disguises for the commission of any "job" on hand. Money is advanced for railway fares and competent lawyers provided.

FEELING TIRED AND DEPRESSED

Then Try the Treatment With Dr. Williams' Pink Pills

It is good to be tired after hard work or play. Rest and food will banish that kind of a tired feeling. But to be weak all the time never to feel strong and vigorous, to be breathless at the least exertion, denotes a condition of ill health that must be corrected or worse results will follow. Such a condition the doctors term anaemic, and is caused by thin blood. For relief in this condition nothing else can equal Dr. Williams' Pink Pills, which enrich and purify the blood, bringing new health and strength. Among those who have found new health through the use of these pills is Mr. G. E. Hooton, R.R. 4, Elgin, Ont., who says: "For a long time I was greatly disturbed with pains in my back and felt tired and depressed most of the time. My blood seemed to be in a bad condition, so much so, that I slept poorly and scarcely felt like eating. I tried a doctor, but his treatment did not help. Then one day I read an advertisement of Dr. Williams' Pink Pills, describing a case much like my own and I decided to try this remedy. I took the pills for about two months, and the result was wonderful. I gained fifteen pounds in weight and felt like a new man. I know of nothing that will build up the strength like Dr. Williams' Pink Pills, and I have since recommended them to many of my friends."

Dr. Williams' Pink Pills are sold by all dealers in medicine, or direct from the Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box. Write today for a copy of the free booklet, "Building Up the Blood."

Northern Ireland now has two and one-half miles of highway to every square mile of land.

Use Minard's Liniment for the Flu.

Employees in German mines have increased in the past few years from 100,000 to 200,000.

An Oil Of Merit.—Dr. Thomas' Electric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

"How's everything at home?"
"Oh she's all right."

Minard's Liniment for the Grippe and Flu.

Ship Muskrats To North China

Eight thousand live muskrats are to be shipped from the Swan Lake Fur Farm, Quesnel, B.C., this summer, it is stated by officials of the company. Three thousand are to go to North China and smaller numbers to England, Scotland, and other countries on the continent. The Swan Company estimates that it has a total of 50,000 rats on its farm.

Strangled With Asthma is the only expression that seems to convey what is endured from an attack of this trouble. The relief from Dr. J. D. Kellogg's Asthma Remedy is beyond measure. Where all was suffering there comes comfort and rest. Breathing becomes normal and the bronchial tubes completely cleared. This unequalled remedy is worth many times its price to all who use it.

Canada's Mining Advance

From a comparatively obscure position in 1900 with a production of less than \$65,000,000, Canada is steadily advancing to the front rank of the mineral-producing countries of the world with a total production in 1923 valued at \$271,000,000.

The indications of worms are restlessness, grinding of the teeth, picking of the nose, extreme peevishness, often convulsions. Under these conditions one of the best remedies that can be got is Miller's Worm Powders. They will attack the worms as soon as administered and they pass away in the evacuations. The little sufferer will be immediately eased and a return of the attack will not be likely.

The girl with a broken heart always manages to save the pieces.

Ready-Made Medicine.—You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Electric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, sprains it is unsurpassed; while for cuts, sores and the like it is an unquestionable healer. It needs no testimonial other than the use, and that will satisfy anyone as to its effectiveness.

Even a man of steel may lose his temper when he gets hot.

Minard's Liniment for Coughs and Colds.

At forty a man wishes he knew what he thought he knew at twenty.

Garnet Wheat Trial Shipment

Between 4,000 and 5,000 bushels of wheat has been shipped overseas, for trial in flour-making, under joint arrangements of the Dominion Department of Agriculture and the Canadian Wheat Pool. The future of this type of wheat will largely depend upon whether this present lot meets with favor among the millers of Great Britain and Germany.

TRACTION

MAY SAVE YOUR LIFE

Right now—your car has to hold the road in the worst driving months of the year. You need the sharp-edged, deep-grooved, road-biting grip of the greatest safety tire ever built—Firestone Gun-Dipped Balloons! In world-record mountain climbs and endurance runs, this tread has proved its safety and toughness. One look shows you that Firestone has the most gripping edges of any tread you ever saw. It's worth many times the cost of a new set of Firestones to feel the safety of this famous tread beneath you. And they give the greatest mileage ever built into a tire.

DEATH OF SIR CLIFFORD SIFTON, NOTED CANADIAN

New York.—Sir Clifford Sifton, K.C.M.G., K.C., prominent in Canadian public life for forty years, died in New York while sitting in a chair talking with his son, Harry. Accompanied by his sons, Sir Clifford left his winter residence at Daytona Beach, Fla., last Saturday, and was on his way to his home in Toronto when death overtook him.

Although Sir Clifford had been troubled with heart weakness for about two years, his health was fairly good until last fall and he was quite sick when he left Toronto in November to go to Florida for the winter.

Sir Clifford Sifton, K.C.M.G., K.C., of Toronto, Privy Councillor, former Minister of the Interior, whose death took place at New York, had been a figure of magnitude in Canadian public life for forty years. Born in Ontario, in 1861, he came to Manitoba when a youth with his father, the late Hon. W. J. Sifton, locating at Brandon.

A barrister at the age of twenty-one, Clifford Sifton became a member of the Manitoba legislature in 1888, and entered the Greenway government as Attorney-General in 1889, being only twenty-nine years of age. From that time onward he played a conspicuous part in the development of the West.

Sir Clifford was called by Sir Wilfrid Laurier to the Federal cabinet on November 17, 1896, as Minister of the Interior and Superintendent-General of Indian Affairs. As Minister of the Interior he carried out a vigorous immigration policy, which added largely to the population of the Dominion. In the earlier period of his ministry he was specially charged with matters relating to the government of the Northwest Territories (now Saskatchewan and Alberta), and Yukon Territory, and all unorganized and outlying territories of the Dominion. He introduced and carried through legislation at Ottawa giving responsible government to the Northwest Territories in 1898.

On account of a difference of opinion with the Premier, Sir Wilfrid Laurier, over educational clauses of the Northwest Territory Autonomy bill, Sir Clifford resigned from the Government, February 27, 1905. He continued to be a member of the House of Commons until the General Election of 1911, when he withdrew and did not present himself for reelection. He represented Brandon, Manitoba, in the Dominion Parliament from 1896 until 1911, his first election to the House of Commons being by acclamation, following upon his call to the ministry at Ottawa.

MOST people rely on Aspirin to make short work of their headaches, but did you know it's just as effective in the worse pains from neuralgia or neuritis? Rheumatic pains, too. Don't suffer when Aspirin can bring such complete comfort without delay, and without harm; it does not affect the heart. In every package of Aspirin you will find proven directions with which everyone should be familiar, for they can spare much needless suffering.

Aspirin is a Trade-mark Registered in Canada

Snubbed By Chicago Mayor

Thompson Sent "Collect" Cable To Young Australian League

Chicago, Ill.—Mayor "Big Bill" Thompson's political enemies were making the most of the official snub the cowboy mayor has extended to 160 members of the Young Australian League who plan to visit Chicago, April 22.

The youthful British subjects cabled Mayor Thompson that they were coming. Instead of extending them a welcome, Thompson sent them a "collect" cable saying that Chicago had many interesting sights. It cost the Australians \$25 to learn that the Mayor, famous as a detractor of King George V., was not enthusiastic about their visit.

Commenting upon the slight editorially, the British American, published in Chicago, said: "We can scarcely believe Big Bill would be guilty of such stupidity."

The Australian delegates will be welcomed by the Association of Commerce, Rotary, and the English Speaking Union.

Japan Asks Clearer Wording Of Pact

Phrase In Kellogg Peace Pact Contrary To Constitution

Tokio.—Katsuji Debuchi, Japanese ambassador to Washington, has been instructed to obtain an understanding from the American government on the question of the phrase "their respective peoples" in the Kellogg peace pact.

This phrase is incompatible with the Japanese constitution, which stipulates that all sovereignty lies in the person of the emperor. The newspaper states that if America rejects the Japanese reservations then Japan will issue a statement explaining that ratification is impossible, but emphasizing that Japan fully approves of the pact's spirit.

The reservations, it is reported, suggest the deletion of the objectionable phrase, a revision, or a special explanation. Such a modification will require the consent of all the contracting powers.

Lower Postal Rate With France Arranged

Letter Rate To Be Three Cents Per Ounce Instead Of Eight

Ottawa.—Hon. P. J. Veniot, postmaster-general, and the deputy minister, L. J. Gaboury, will leave for Paris at the close of the present parliamentary session to sign a new postal convention between Canada and France. By the terms of the convention the letter rate between the two countries will be reduced from eight to three cents an ounce.

The new postal rate, it was explained, will facilitate communication between the countries and is the outcome of negotiations which have been carried on for some time between representatives of the two governments.

Urges That Strict Measures Be Taken

Members Of Manitoba Legislature Would Prosecute Careless Motorists

Winnipeg.—Prosecution in every case in which a fatality occurs as a result of improper driving on the highways of Manitoba was urged by several members in the Manitoba legislature during a discussion which members hoped would serve to bolster respect for law and reduce the number of serious accidents. One member declared "pedestrians were not even safe on the sidewalks" while another deprecated the "stressing of the high speed possibilities of motor cars by manufacturers and salesmen."

Wins Prize For Play

Toronto.—The \$100 prize for the best one-act play submitted for the Imperial Order Daughters of the Empire, 1929 competition has been awarded to Don Wetmore, Wolfville, N.S., for his play entitled "The House of Laval." Several other plays submitted have received honorable mention, including "The Lady and the Land," by E. E. Checkley, Victoria, B.C.

MAY HEAD GRAIN BOARD

Chief Justice J. L. Brown of Saskatchewan, who, it is stated, has been offered the chairmanship of the Canadian Grain Board, reorganization of which is reported as imminent.

Radio Links Arctic and Antarctic Zones

Recent Broadcast Heard Over Distance of 10,000 Miles

Copenhagen.—The first radio communication between the Antarctic and Arctic zones was reported in a cablegram received here by the newspaper Ekstrabladet from the Mount Evans Greenland, radio station.

Mount Evans said a recent broadcast by Commander Richard E. Eyrds's station in the Antarctic was heard excellently, although from a distance of more than 10,000 miles.

Gasoline reserve supplies have been sent from Mount Evans to Camp Lloyd in preparation for Swedish-American trans-Atlantic flights next summer, the cablegram added.

Claims Large Amount For Customs Taxes

Defaults Of Payment To Government Over Seven Million

Ottawa.—A total of \$2,370,782.51 has been recovered during the past three years from persons and corporations by the government in connection with defaults of payment of customs and excise taxes, disclosed in the inquiry of the royal customs commissions. Still outstanding, and claimed by the department of national revenue as due the government, is the sum of \$7,114,492.73. This was disclosed in a reply tabled in the House of Commons by Hon. W. D. Euler, minister of national revenue.

Voting On Liquor Control

Halifax, N.S.—"Are you in favor of continuing the Nova Scotia Temperance Act," will be the form of the question submitted to a referendum vote of the Nova Scotia electors this fall. A special committee appointed by the house of assembly drafted the above question in favor of a previous proposal that a vote be taken on the desirability of establishing a system of government control and sale of liquor.

Rural Credits In B.C.

Victoria, B.C.—Offices of the federal farm loan board have been opened here by the chairman of the provincial committee, George Sangster. One thousand applications for rural credits already are in.

Report Is Satisfactory

Sir Henry Thornton Pleased With Record Of C.N.R.

Ottawa.—The special standing committee of commons on Canadian National Railway affairs held its first meeting recently, when General Fiset, Liberal, Rimouski, was elected chairman. Sir Henry Thornton, president of the Canadian National Railways, stated that the report of the railway showed the calendar year, 1928, was the most satisfactory of its history, both financially and from an operating standpoint.

Out of every dollar traffic receipts earned by the C.N.R., 17.61 cents was available for interest. On United States class 1 railways only 15.21 cents was available for interest. Sir Henry thought this was very satisfactory, particularly as many lines were in new districts.

To the question whether the increased receipts of the C.N.R. were at the expense of the Canadian Pacific, or attributable to national growth, Sir Henry said the net earnings of the Canadian Pacific attained a record last year.

"Therefore, I should say," Sir Henry asserted, "if I were a C.P.R. official, that the National is an asset to the Canadian Pacific. As a C.N.R. official, I consider the Canadian Pacific is an asset to the Canadian National."

"Then why not bring the C.P.R. down into Nova Scotia," asked Colonel Cantley, Conservative, Pictou.

"Well, the C.N.R. is not yet a Christmas tree," Sir Henry replied.

As to whether another large wheat crop was expected this year, Sir Henry explained it was impossible to forecast any particular year. However, there had been a steady and progressive increase in the quantity of wheat produced, extending over a decade of years.

He explained that it was generally considered that the Great Lakes had a sixty-year cycle of high waters and similar cycle of low waters which must be ascribed to the precipitation. Canada was entering on the wet cycle now and it might be prophesied that the greater rainfall would result in greater crops.

The heavy carryover of wheat would assure much business in grain carrying this year.

Colonel Geary, Conservative, Toronto, inquired if there had been any adjustments in railway rates. Sir Henry replied that rate reductions effective in 1928 had reduced the revenue of the Canadian National Railway by \$908,000 as against 1927. Colonel Geary further inquired if there had been any let-up on the maintenance standard of the system, and was informed that the reverse was the case, a constantly higher standard being adopted.

The minister of railways explained that the Hudson Bay Railway was not in the accounts of the National Railways. The C.N.R. was simply acting as the agents of the government in constructing this railway.

Offers Billion Marks Less

Germany Wants Big Reduction In Yearly Reparations Payments

Paris.—Germany's counter plan for paying her great war reparations, presented to the allied experts by Dr. H. Schacht, chief of the German delegation, is understood to offer one billion marks less per year than the creditors demanded.

Payments would continue thirty-seven years instead of the fifty-eight years proposed by the allies in their memorandum. The German offer envisaged annuities beginning at 1,100,000,000 marks and rising to 1,450,000,000 marks.

Invention Failed To Work

Ogden, Utah.—When his parachute failed to open after he had cut loose from his balloon at an altitude of 250 feet, Glenn Austin of Jackson, Mich., was killed. Austin was the inventor of a contrivance which exploded a dynamite bomb to release the parachute. The bomb exploded a few seconds after he hit the ground.

Seeks Entry Into Norway

Oslo, Norway.—Refused entry into Germany, Leon Trotzky, exiled Russian Communist, is seeking permission to come to Norway. The government will take the matter under consideration.

GRAIN INSPECTION SYSTEM SAID TO BE ANTIQUATED

Ottawa.—Standard samples set each year by the chief grain inspector are frequently higher than the minimum set by the Grain Act, and on that account cargoes are graded lower than they should be. This was the contention of John Gillespie, dealers' representative on the grain standards board, whose evidence was continued before the agricultural and colonization committee of the house of commons.

This was the chief complaint, Mr. Gillespie said, against the inspection department. The whole inspection system was antiquated. For instance, barley was never graded No. 1 or 2, although there was lots of excellent barley produced. The Grain Act had been completely ignored for years. If the act were followed in setting barley samples it would benefit the growers.

In one case barley which weighed 46 pounds to the bushel had been refused No. 4 grade when the definition in the act did not require over 45 pounds. The reason given for refusal was that the carload was not as good as the standard sample in the hands of the inspector. This sample had weighed 49 pounds.

Hon. James Malcom, minister of trade and commerce, pointed out that there was an absurdity in the act in that connection. The definition for No. 4, actually required that the barley, to be so graded, should weigh less than 45 pounds.

In another case on appeal in regard to wheat graded No. 4, which the shipper thought should be No. 3, it was shown that it deserved the higher grade under the terms of the statute. It was refused that grade, however, because the standard sample was higher than it should have been to represent the minimum.

Millions of bushels of Alberta wheat were graded No. 4 this year when it deserved No. 3 because there were not different standard samples for that province, Mr. Gillespie contended. A volume of Alberta wheat had a larger percentage of green kernels than the Winnipeg sample, but in other respects was often superior. In any case he had never heard of complaints by Old Country buyers against a percentage of green kernels. This did not apply, of course, to wheat which was largely unripe.

The sentiment of pools, trade and producers, was that there should be different standards for Alberta grain. It was of a different type from the Manitoba and eastern Saskatchewan, and no one sample could be made which would be representative of all the grain in the west.

There is no advantage in shipping to the United Kingdom grain of any better quality than the standard samples sent each year because no better price will be received by the producer Mr. Gillespie said.

Buyers on the European grain exchanges set the price each year on the basis of the samples sent over early in the season by the Canadian government. If wheat of better quality appeared later the Canadian farmer would lose, he claimed.

The steel frame work of buildings and bridges is now being constructed without a single rivet in its make-up—electric arc welding does the job.

HOW DO YOU READ?

"Tell me what you eat, and I'll tell you what you are," has cried a publicist so often that he has coined a household axiom. Well might another say: "Tell me what you read and I will tell you what you are."

The mind is the house in which we live more truly than is the body. If we furnish the mind garishly we must live in a gaudy house. If we furnish the mind carelessly, we must live in a slovenly house. If we take our mental furniture only from the past, we shall live in this past alone. If we take it only from the faddish notions of the present we shall live amid fads and foibles, which vanish ere we know them.

But if, instead, our mental diet is balanced, comprised of the foods tested by time and sauced and spiced by the piquancy of the present, we may live a balanced, ordered life.

We can with impunity pour poisons and dark, wild, disordered thoughts into our minds no more than we can day after day find strength and health in spurious foods, hastily prepared, indigestible. To read well, read discriminately, widely, thoroughly.

What we read becomes part and parcel of us.

THE BALANCE OF TRADE

The eternal struggle of nations is for economic independence. Every civilized country is striving to be self-supporting, so that in time of war it may not lack resources, and in time of peace it may enjoy the prosperity and economic well-being which are given to those with a favorable trade balance.

Communities are nations within a nation. Economic independence, while possible only within restricted limits for communities, is just as essential to the city or town as to the nation of which it is a part. Prosperity is impossible without a favorable balance of trade.

Communities which do their shopping in other communities are in the same position as the nation which goes abroad to buy its goods. America is prosperous because its exports exceed its imports, which means more money is coming into the country than is going out. Bankrupt nations of Europe are bankrupt because they are spending their money for the goods of other nations, instead of selling their goods for other nations' gold.

The great cities of Canada owe their wealth, size and prosperity to the dollars of small towns. The margin of trade with its profit is on the side of the city. The people of this community cannot import mail order house goods and still enjoy the benefits of a favorable balance of trade. To share in the nation's prosperity and growth the community must produce and sell more and buy more at home.

POWER OF ADVERTISING

Beyond all question the most potent creator of business in America is the newspaper advertisement. Millions of dollars are expended every day in the stores of the country because well written advertisements have directed public attention to convenient, becoming, attractive, useful, ornamental and suitable merchandise. The sale of necessities, all luxuries, all indulgences, is more powerfully stimu-

LOCAL & GENERAL

Mr. and Mrs. H. W. Chambers were Calgary visitors Friday last.

Mr. Wm. McFarquhar was a visitor to Calgary on Sunday.

Mr. and Mrs. D. S. Wadleigh of Bowden were visitors in town last week.

As in the past few years the local stores will commence closing on Wednesday afternoons on May 1st.

Peck's made-to-measure Clothing Expert will be at Studer's on Saturday, April 27. Satisfaction guaranteed.

Messrs. E. Officer, C. P. R. Travelling Passenger Agent and V. A. Bowes, District Passenger Agent were visitors in town yesterday.

Mrs. W. and Miss E. Stock of Olds were visitors at the home of the former's daughter, Mrs. J. Boorman.

Snell & Carter, Registered Optometrists, will be in their office over the Royal Bank on Monday, April 29th. 16-2c

BORN—To Mr. and Mrs. Ed. Berscht, at the home of Mr. and Mrs. Chris Mack, on April 17, 1929, a son.

Mrs. G. R. Earl and Gladys Marcellus of Calgary were visitors at the home of the former's son, Mr. E. Marcellus, on Sunday.

A Special at regular prices, at the movies, Wednesday, May 1, Richard Dix in "Red Skins," a technicolor picture.

Mrs. J. V. Berscht and her sister Mrs. L. Kalbfleish, of Three Hills, and Mr. A. Liesemer are leaving tomorrow for Mildmay Ont.

Mrs. S. Michael and infant son of Bowden arrived in Didsbury last week, and have taken up residence in the Peterson block. Mr. Michael is employed in A. G. Studer and Son's store.

Mrs. Everard Clarke and children, formerly of Vernon, B. C., and now of Edmonton, is visiting at the home of her mother, Mrs. Violet, Osler Street.

The Canadian author, Martha Ostenso's, prize novel, a photodrama of farm life, "WILD GESE," featuring Belle Bennett, Anita Stewart and Wesley Barry, at the Opera House, Didsbury, Saturday, Apr. 27.

lated by the newspaper advertisement than by any other agency. Only hunger, cold and nakedness are comparable to the advertisement as a promoter of sales—and even purchases of food, fuel and clothing are influenced more largely by the business columns of the press than by any other influence except immediate necessity.

The largest stores in the great cities have been built up by advertising, their persistent and clever invitation to the public to share in their bargains. Imagine, if you can, what would happen to daily sales of merchandise, real estate, theatre tickets, insurance, books and other things of large distribution if newspaper advertisements were prohibited by law for six months. It is not exaggeration to say that they would drop 50 per cent.

It is not the current news of events alone that makes the press of such incalculable value to the nation, nor the free editorial expression of opinion. The business news of the day, as told by business concerns in their announcements to the public, decisively influences both the volume and the direction of trade which flows to this or that store, office or bank. This is a fundamental fact, and one that the small business house particularly cannot afford to ignore.

A friend of ours hit the nail well on the head when he said:

"A man may use a wart on the back of his neck for a collar button; ride on the back coach of a train to save the interest on his money till the conductor gets around; stop his watch at night to save wear and tear; leave his 'I' or 'it' without a dot or cross to save ink; but a man of this sort is a gentleman and a prince compared to the man who will take a newspaper for many years, but when asked to pay for it puts it into the post office and has it marked 'refused'."

OLD AGE PENSIONS ACT TO OPERATE NEXT MONTH

The Old Age Pensions Act will probably come into operation in about a month according to a statement made on Thursday last by Premier Brownlee. The Act, it has been decided by the Executive Council, will be placed under the jurisdiction of the Workman's Compensation Board, and arrangements are being made for this board to administer the provisions of the new Act.

Under the proposed plan it is necessary for each province sharing in the benefits of the Dominion legislation to submit its supplementary and contributory legislation to the Dominion Government through Hon. Peter Heenan, Minister of Labor, for final ratification and to draw up a formal agreement of operation. As soon as this step is taken it is expected the Alberta Act will come into effect. The payment of pensions will not become retroactive but will date from the time the Act is proclaimed.

Calgary Masons Visit Didsbury Lodge

Thirty-five members of Zetland Lodge, Calgary, paid a fraternal visit to King Hiram Lodge, Didsbury on Tuesday evening last. About 80 members sat in Lodge when a number of degrees were conferred. During lodge session Rt. Wor. Bro. J. A. McGhee was presented on behalf of the members of the lodge by Wor. Bro. J. L. Clarke, a D.D.G.M. apron, the recipient being D.D.G.M. of District 4 at the present time. Following lodge the members adjourned to the Oddfellows' Hall where the ladies of St. Hilda's Chapter provided a banquet for the visitors and members. After the usual toasts a musical evening was spent. The following contributed to the entertainment: Mesdames J. Boorman, C. Adshead, D. Edwards, and Misses A. Summers and M. Saugstad.

Messrs. Bob Eulank and Alf. Allen motored to the Turner Valley oil fields on Sunday.

CLEAR . . . aromatic . . . satisfying . . . is the coffee made by the "Hot-Drip" method of the Hot-point Percolator.

Spring

GRANDMOTHER was a wonderful housekeeper in her day and generation. Every spring, up came the carpets; down came the pictures and curtains; out went the furniture, and in came soap and water and scrubbing brush. Soon the floors and woodwork gleamed like new; the carpets were replaced after a beating that sent every particle of dirt swirling away in a cloud of dust; the furniture was cleaned and returned to its accustomed place. Everyone was miserable, including grandmother—but it simply had to be done.

Women are better housekeepers than grandmother ever was or ever could be, for they have the modern conveniences to make them so. They have learned,

through advertising, of the many utensils that make housework lighter and do it better. They have learned, through advertising, of better foods and how to prepare and serve them more attractively. They have bought, because of advertising, the many time and labor-saving devices that we have come to regard as every-day necessities. Because of advertising, women have far more time for relaxation and

the social amenities. They look younger—by years—than grandmother at the same age. Advertising has but made that possible.

Church Announcements

UNITED CHURCH

Rev. A. E. Hayes, B.A., Minister.

Sunday, April 28

10:30 Sunday School and Bible Class at Westcott.

Knox Sunday School 11 a.m.

7:30 p.m. Knox Church, Didsbury.

The minister is taking for his theme:

"Undetected losses."

In order to be present at the various appointments, Mr. Hayes often drives at least 60 miles. At times road conditions are far from good.

Nineteen new members were added to the roll of Knox Church, Didsbury, this month.

LUTHERAN CHURCH

Westcott 10 a.m., English

Didsbury 2:30 p.m., German

Westcott 8 p.m., English

During the past few months four young people have received instructions in the fundamental doctrines of the Christian religion. On Sunday morning next this class will be received into church membership through the rite of confirmation. A brief examination will be conducted, followed by an address, after which the confirmants will renew their baptismal vow and receive their diplomas. Since a little more time is required the services will begin a half hour earlier than usual.

In conjunction with the services in the evening, Holy Communion will be celebrated. Those wishing to partake are asked to make announcement if possible before Friday noon.

EVANGELICAL NOTES

Recent word from Rev. Krueger, P.E., states that he will be here next week, May 2nd, for his fourth and last quarterly business meeting in this conference year.

Something quite different is promised

Mountain View Notes

The Mountain View W.I. convened at the home Mrs. W. Imm on April 18th. Mrs. H. E. Pearson read some clippings on legislation after which a spice smelling contest was held. Mrs. Coates winning the prize, a box of alspice.

A sewing course is to be held in Community Hall July 15th to 17th in the mornings and afternoons.

Miss A. Conroy of the Department of Public Health, will speak on Infectious Diseases in the hall Friday afternoon, May 17th. The May meeting of the Institute will be held the same day at 2 o'clock.

A well has been drilled at Community Hall and plans are being made to build a kitchen this summer.

What term do dressmakers use now instead of "dress length?"

for both the morning and evening services next Sunday. Come and see!

It is only one more month to the closing of this conference year. Have we all done our best in squaring up with the church? Last, but not least, this month is an opportunity for the improvement of our records in every detail.

CHURCH OF ENGLAND

First Sunday in the month - Afternoon at 3:00 p.m.

Third Sunday in month - Morning at 11:00 a.m.

M.B.C. CHURCH

Rev. C. J. Hallman, Pastor.

Sunday Services:

1:30 p.m.—Sunday School.

2:45 p.m.—Preaching Services.

7:30 p.m.—Preach Service, including Young People's meeting every alternate Sunday.

A Welcome Awaits You.

GLIMPSES FROM THE PAST

20 YEARS AGO

The Misses Moyle gave an Easter party to a number of their young friends on Monday afternoon.

BORN—On Monday, April 12, 1909, to Mr. and Mrs. M. Ryckman, a daughter.

DIED—Lawrence, 6 year old son to Mr. and Mrs. F. M. Bash, on Apr. 14, 1909, from blue stone poisoning.

selected, one each for the town, and rural districts, east and west:

Town: Geo. Liesemer, Geo. Julien, C. F. Dooley, F. Moyle.

Rural West: P. J. Fair, D. Dipel, J. Hosegood, H. Ross.

Rural East: W. J. McCoy, R. A. Shaw, F. Fretz, H. McLean.

Geo. Julien and J. A. McGhee were chosen as local delegates to the annual provincial meeting of the Association.

A permanent membership fee of \$1.00 per year was decided on.

A resolution was passed to forward a recommendation to Mr. Lawton, Chief Game Commissioner, and Mr. Rodd, Dominion Fisheries Supervisor, Edmonton, recommending that P. J. Fair be appointed a Fish and Game Guardian to cover the territory from the Olds' town line south.

The meeting went on record as endorsing the new proposed Dominion-wide association.

An order will be placed for 200 pheasant eggs to be distributed throughout the district.

A drive for new members is to be undertaken as soon as possible and an endeavor is to be made to have more fish fry placed in local district streams.

1928 Accomplishments

Creditable work was performed by the local Association last year. Information was gathered and assistance given in the prosecutions of many infractions of the Game Act such as dynamiting fish streams, illegal trapping of beaver and muskrat and the shooting of big game and game birds out of season.

Copies of the Game Act of the province were distributed to all members.

The local branch was instrumental in having over 200,000 fish fry placed in streams tributary to the district. Three hundred pheasant eggs and a number of young birds were also brought into the district for distribution.

ITEMS OF INTEREST

Lacombe ratepayers sanctioned a by-law on Wednesday, April 10th empowering the town to dispose of its municipal electric light plant to the Calgary Power Co. It is expected that the municipality will be getting the hydro by July 1. With the exception of Wetaskiwin, that power company will be supplying their power to every village and town on the main line between Calgary and Edmonton.

Olds is going after a covered rink in real form. The proceeds of their annual sporting event on Empire Day are to be devoted entirely to that purpose.

Two steel bridges and 30 bridges of wooden construction will be erected in the southern part of the Peace River district during the coming season as part of the Provincial Government's road building program. One of the proposed steel bridges will span the Beaver lodge River near the new town of Beaverlodge, while the other will cross the Spirit River near Roycroft and many of the smaller bridges to be constructed will bring prosperous agricultural districts closer to railway transportation.

You don't have to nurse a grouch very carefully to make it grow.

"HEBCO" Wind Electric

Light and Power on your farm at the cost of pumping water by windmill. Automatic control a special feature. Fool proof and needs no attention.
